Notes on CFT fluff layer 20160627.docx

Hi Ed and James,

Attached is an additional set of notes, in support of tomorrow's discussion of the CFT fluff layer algorithm.

Regards,

Peter

Ed and James,

A couple of things are attached for your review, to support discussion at the meeting tomorrow:

- [REDACTED] A marked up agenda that shows some of the supporting detailed comment numbers that are associated with the high level “Required Revisions” listed on the original agenda. This is for clarification purposes only; no additional topics are added.
- [REDACTED] Notes on a proposed partitioning approach that we will be presenting.

We will follow-up with one additional set of notes, which are being finalized shortly.

Please let us know of any question, and see you tomorrow.

Regards,

Peter

Rob,

Ed and James put together a couple of slides and notes that they will likely reference at our meeting tomorrow to help guide our conversation. Please see the attached for that material.

See you tomorrow,

Jen
